Student Comments-

I am Samantha Schmidt and this is my second semester with Access to Success. I started my high school journey at Helena High for the first quarter of my freshman year, but

my anxiety became unbearable in the public school setting and it was wearing on my depression. I then began online homeschooling but found that it was a very lonely lifestyle. As my sophomore year was approaching, I began playing with the idea of trying out Access to Success. Everyone I talked to said it was a wonderful program, so I decided to give it a try. The first day went smoothly and it just got better from there. I've made amazing friends in this program and I feel that I belong here, something I never could have said in Helena High. I look forward to what each day of school will bring and every day I go home with a smile. If you are thinking about joining Access to Success, take my advice and go for it!
